

# TEES VALLEY ROUTES TO WORK

If you are unemployed and over 30 we may be able to help you

At Routes to Work, we understand that every customer faces their own personal journey

Many require support as they embark on that journey and we are able to offer that through confidence-building workshops, group activities and 1:1 advice from a dedicated key worker

Several customers recently participated in the World's Biggest Coffee Morning in aid of Macmillan Cancer Support, attending the Heugh Battery Museum over two days. Participants gained valuable transferable social and employability skills, while having fun raising money for charity.

Working with employers, Routes to Work offers sector-specific routeways. Philip took part in our Waste Routeway which targeted vacancies within Hartlepool Borough Council's Waste Services Team. He was supported to apply and then prepare for interview. Philip is now a valued member of the team.

Margaret is long-term unemployed and recently benefitted from support through the Employer Flexible Fund. Routes to Work arranged a paid work placement at a local café and she now has recent work experience and a reference which can be added to her CV.

Routes to Work offers in-work support to employers and customers. Having recently started work, Stephen was struggling to stay in touch with his employer. Routes to Work bought him a phone and taught him how to use it, making the transition from unemployed to employed so much easier.
