

Workforce Equality Information Report

April 2020 – March 2021

Introduction

This report provides a summary and analysis of Hartlepool Borough Council's workforce, excluding Local Authority Maintained Schools. The workforce profile is shown as at 31st March 2021, while the data is for the period 1st April 2020 to 31st March 2021. The data included in this report covers all posts in the Council, excluding Local Authority Maintained Schools, and not workers e.g. casuals. Therefore, where an individual holds more than one post they will be included multiple times.

Hartlepool Borough Council's aim is to have a workforce that reflects the diversity of our residents, customers and stakeholders and we recognise that promoting equality benefits public services for all.

The Council has a legal duty under the Equality Act 2010 to eliminate unlawful discrimination, harassment and victimisation, advance equality of opportunity and promote good relations between people. As part of this Act, the public sector equality duty requires the Council to show how it is meeting its responsibilities as an employer, including a requirement to publish information regarding our workforce. This report forms part of the Council's response to that duty, providing a summary and analysis of Hartlepool Borough Council's workforce against protected characteristics.

Workforce Summary

The data highlights that:

- Around 50% of the workforce are over 46 years old and over a quarter
 of the workforce are over 56 years old. The aging profile of our
 workforce is recognised and we are making plans to support
 succession planning and the development of future leaders and
 managers in the organisation. This profile has not changed significantly
 from the previous year;
- We have a predominantly female workforce which can in part be attributed to a greater number of female part-time workers across the Council and the flexible/family friendly working policies available to Council workers;
- Limited information has been provided by our employees in relation to their ethnicity, religion/beliefs and disability status. Employees have the ability to update their own personal details online through the Council's HR/Payroll system and provided a paper form is available for those employees without access to the internet at work. This has resulted in a small reduction in the percentage of employees undeclared/not stated for ethnicity and religion/beliefs.

Gender Pay Gap

Pay Gap Summary

The Council's mean gender pay gap

2020/21	2019/20
1.61%	3.21%

The Council's median gender pay gap

2020/21	2019/20
1.96%	5.16%

The mean is the average of the figures and is calculated by adding up all the figures and divided by the total number of figures. The median is the salary figure that sits in the middle when all figures are ordered lowest to highest.

The overall mean gender pay gap for the Council is 1.61%, which means that male employees, overall, receive, on average, 1.61% more total pay than female employees.

The Council's gender pay gap is below the national public sector mean and median of 14.5% and 15.8%¹ respectively.

ONS 2020 Provisional Public Sector Gender Pay Gap

Understanding our gender pay gap

Our analysis shows that the pay gap can be attributed to our workforce profile, as the Council employs a much higher proportion of women many of whom work part-time, and part-time workers earn less than their full-time counterparts on average. Also, the lower quartile demonstrates that a higher proportion of women than men work in occupations that are lower paid.

Despite more women working for the Council overall, many earn pay in the lower quartiles on a part time basis. There are a higher proportion of men earning salaries in upper quartiles on a full time basis, than in the lower quartiles, which creates the gap.

The pay gap has however, seen a reduction, this is due to the higher percentage pay increase applied to the Councils lowest paid employees, combined with a greater proportion of the lower paid employees being female.

What are we doing to close the gap?

- Making the workplace more accessible, by enabling greater flexibility via a range of policies that allow for flexible working, flexitime, emergency dependants leave and shared parental leave.
- Equality in Employment Policy recognises the value of 'helping all those who work for the Council to develop their full potential so that the talents and resources of the workforce are utilised fully to create a borough of opportunity for all.'
- Continue to provide Learning and development opportunities to all employees and where appropriate.
- Continue to develop and where possible expand apprenticeship opportunities, including degree level apprenticeships for both new and existing employees. This will assist employees to fulfil their aspirations and support them to progress within their chosen career path.
- Monitor the annual review process to ensure employees are provided with the opportunity to discuss any concerns with their manager and identify development opportunities.

Employee Engagement

Staff Sounding Board / Young Employees Group / HBC Managers Forum

The Council has a number of forums established to regularly bring together staff from every department to share their ideas and discuss key issues of importance to the Council. During 2019/20 they have been asked to provide their views on the Council's budget proposals, the preparation of a new Council Plan and apprenticeships and the Council's use of the apprenticeship levy.

These forums are open to all staff but target particular groups of employees e.g. Young Employees, Managers and any employee with a motivation to contribute to positive change across the Council. Work will be undertaken during 2020/21 to review the Council's employee engagement mechanisms to enable more staff to get involved.

Workforce Survey

A Workforce Survey was completed in summer 2018. The purpose of the Survey was to enable the wider workforce to share their thoughts about working for the Council. An action plan has been produced in response to the findings of the survey which includes the introduction of Corporate Management Team (CMT) Roadshows to facilitate improved communication between senior leaders and employees.

Consultation with Trade Unions

The Council works in partnership with Trade Unions and meets regularly to discuss issues affecting the Council and its workforce, including matters in relation to equality. The Trade Unions can also provide a range of support to their members on individual workplace or personal issues.

Actions completed in 2020/21

During 2020/21 the Council completed the following actions:

- Reviewed the Council's employee engagement mechanisms to enable more staff to get involved and introduced:
 - Monthly "Tea with the MD" sessions where employees were invited to attend a virtual meeting with the Managing Director to chat informally and share news and ideas;
 - Virtual meetings of the HBC Managers Forum.
- Undertook a Hartlepool-wide Covid-19 Recovery Plan Engagement Exercise during summer 2020 which included the following specific activities for employees:
 - A Workforce Survey available in paper format and online:
 - 3 virtual discussion sessions for employees.
- As part of the Council's response to the Covid-19 pandemic:
 - The IT infrastructure was adapted to support many office based employees to work from home.
 - Employees with underlying health conditions had personal risk assessments carried out to protect them by meeting their individual needs.
 - Those with caring responsibilities were afforded extra flexibility to enable them to balance the reduction in their usual support networks.

Actions to be delivered in 2021/22

During 2021/22 the Council will undertake the following actions:

- Engage with Equality Lead from the Local Government Association to review the Council's approach to Equality, Diversity and Inclusion.
- Promote and deliver Equality, Diversity and Inclusion on-line training which will be accessible for all employees.
- Renew Disability Committed status and explore moving to the next level.
- Promote employee benefits to existing employees and applicants.
- Review and update the following workforce policies.
 - Bereavement
 - Bullying and Harassment
 - Sickness Absence
