Hartlepool’s Ambition
The Sustainable Community Strategy for Hartlepool
2014 – 2020
In 2008 the Hartlepool Partnership launched the Sustainable Community Strategy which set out the future vision for the Borough in 2020. Since then we have made a lot of progress to turn that vision into reality; crime has fallen, people are living longer, primary and secondary educational attainment is improving and there has been significant investment in the Borough’s housing stock, business areas and environment. However, a number of challenges have presented themselves since 2008 globally, nationally and locally with huge financial, economic and demographic challenges now facing us. We know that areas such as unemployment, health inequalities and poverty remain serious issues and we want to ensure that we continue to focus on areas were we can have the biggest impact. We will endeavour to continue to improve the lives of people who live and work in Hartlepool and the physical infrastructure so that people want to live and work here and businesses want to invest.

In spite of the impact of national decisions locally this Sustainable Community Strategy reiterates our commitment to our long term ambition for Hartlepool. We have reshaped our partnership to meet the challenges ahead and focus our efforts on what really matters. This document sets out our priorities for the next five years and how we will continue to work together to meet our aspirations for the community of Hartlepool.

Councillor Christopher Akers-Belcher
Leader of Hartlepool Borough Council and Chair of the Hartlepool Strategic Partners Group
This Sustainable Community Strategy sets out our long-term ambition for the economic, social and environmental wellbeing of Hartlepool. It builds upon the ambition and aspirations set out in 2008 and sets out our priorities for the next 5 years.

Our long-term ambition, as agreed in 2008, remains relevant today:

_Hartlepool will be an ambitious, healthy, respectful, inclusive, thriving and outward-looking community, in an attractive and safe environment, where everyone is able to realise their potential._

We also remain committed to making improvements across the 8 themes of:

- Jobs and the Economy
- Lifelong Learning & Skills
- Health and Wellbeing
- Community Safety
- Environment
- Housing
- Culture & Leisure
- Strengthening Communities
We have agreed a number of key strategies and plans that set out the detail of how we will achieve our long-term ambition. These are reviewed more frequently than the Sustainable Community Strategy and provide an accurate and timely picture of how we aim to deliver against our long-term ambition:

- Child Poverty Strategy
- Children and Young People's Plan
- Community Safety Plan
- Council Plan
- Economic Regeneration Strategy
- Hartlepool Voluntary and Community Sector Strategy
- Health and Wellbeing Strategy
- Housing Strategy
- Local Transport Plan
- Tees Valley Joint Waste Management Strategy
- The plans and strategies which together comprise the Development Plan
- Vision for Adult Social Care in Hartlepool
- Youth Justice Strategic Plan

We regularly monitor the progress made against each of these plans and we use this to assess whether we are on track to achieve our long-term ambition.
We have identified a number of key priorities for Hartlepool which will be our main focus for improvement over the next 5 years. This does not mean that we will stop making progress against the other themes we have identified as that will continue through the strategies and plans that we already have in place. Our priorities for the next 5 years are:

**Increased business and jobs**
- Regenerate key sites and attract investment.
- Improve business infrastructure.
- Support business growth.
- Develop an enterprising culture.
- Develop a competitive workforce.

**Reduced poverty**
- Ensure that children that live in poverty are safe.
- Increase the parental employment rate.
- Improve skills levels in parents and children.
- Support families to maximise their entitlements.
- Prevent those at risk from falling into poverty.
- Where it is evident that a family is experiencing poverty take action to mitigate its effect.

**Better housing**
- Delivering new homes, contributing to sustainable communities.
- Improving existing homes, supporting sustainable communities.
- Meeting the specific housing needs, this includes homeless households, older people, people with disabilities, and the black and minority ethnic community.

**Safer, stronger neighbourhoods**
- Reduce crime and repeat victimisation.
- Create confident, strong, and safe communities.
- Reduce offending and re-offending.
- Reduce the harm caused by drug and alcohol misuse.
Healthier people

- People live longer healthier lives.
- Strengthen ill health prevention.
- Protect the health of the population.
- Improve early detection of illness.
- Adults with health and social care needs are supported to maintain maximum independence.
- Vulnerable adults are safeguarded and supported while having choice and control about how their outcomes are achieved.

Giving every child the best start in life

- Deliver effective early intervention services for children, young people and families.
- Ensure all children can live safely.
- Provide effective support for looked after children.
- Deliver new approaches for children and young people with special educational needs and disabilities.
- Ensure schools provide the highest quality education for all children.
Alongside our priorities we have identified some key measures of success that we will monitor to see if we are on track to achieving our ambition. Through the various parts of the Hartlepool Partnership we will closely manage our performance to ensure success.

**Increased business and jobs**

**What we are going to do:**
- Deliver the Seaton Carew Master Plan.

• Number of households where homelessness has been prevented through local authority action.
• Average waiting time for a disabled facilities grant to be completed.
• Percentage of applicants on the Choice Based Letting (CBL) Housing register indicating they are from a minority ethnic origin.
Only through working together in partnership will we be able to achieve our ambition for Hartlepool. Our collective effort is needed to ensure that we can deliver against our priorities and make real change happen.

Through decisions taken nationally there is less public money available to help us achieve our ambition. This means that we will need to think differently about how we deliver and use new approaches to create lasting change within the Borough. We will need to work even closer as partners, sharing and pooling our resources, financial, physical and human, to make sure we use them to best effect. We will also need to build on our relationships with local voluntary and community groups and businesses as well as forging new relationships with those who can help us to achieve our ambition.

In Hartlepool we already have in place a number of formal partnership arrangements and these will continue to develop so that we are best placed to take advantage of opportunities as they arise. The Hartlepool Partnership is the banner under which all of the partnerships in Hartlepool come together: There are also a number of sub groups operating below the partnerships shown below. One of these is the Children’s Strategic Partnership which feeds into the Health and Wellbeing Board.

Together these partnerships will be responsible for ensuring that we make progress on our priorities over the next 5 years and achieve our long-term ambition.
In delivering the Sustainable Community Strategy vision, we will strive to apply the following principles:

**Effective decision making and communication**
Communicating openly and honestly with the community in Hartlepool and being publicly accountable for our decisions. Decision-making will be rigorous and transparent and decisions will be based upon the best information available at the time.

**Effective partnership working**
Working together as equals to deliver sustainable communities within Hartlepool, having a clear understanding of shared decision-making, risks, responsibilities and accountabilities.

**Efficient partnership working**
Increasing efficiency and achieving value for money through improved procurement, financial reporting and management. Delivering high quality local services and making the most of the resources available including people, money, property, data and information.

**Acting with integrity**
Acting with honesty, selflessness, objectivity and trust, declaring interests and dealing with truth and completeness.

**Ensure widest possible involvement and inclusion**
All parts of the community regardless of where they live, or their gender, race, ethnicity, disability, religion, sexual orientation, family and other circumstances, language, national or social origins, age or any other status, are encouraged to be involved at all stages in the development, delivery and monitoring of this strategy.
Demonstrating leadership and influence
Leading by example with enthusiasm in delivering the strategy by applying these principles and using influence to encourage other partners and providers locally, regionally and nationally to do the same.

Effective performance management
Actively managing the delivery of the strategy by providing clear, robust and reliable information for monitoring purposes, establishing clear lines of accountability, managing risk, reporting by exception, and, when performance is not on track, taking action to address this.

Developing skills and knowledge
Developing our own capacity and skills to improve performance, whilst providing opportunities for the community to improve their skills, capacity and life chances.

Contributing to sustainable development
Considering economic, social and environmental goals equally and in an integrated way ensuring the long term and global aspects of strategy and decision making are considered.
