Overall Map = the course is out & back with the start and finish at nearly the same point and the turn is at 2.5 miles. The difference between start and finish is due to effect runners keeping to the left and use of full road width at start opposed to pavement at finish.

Start – Finish detail – Start is on the road but the finish is along pavement onto slipway

Miles 1 and 4

Since satellite photo was taken a toilet block has been built next to the car park

Miles 2 and 3 – marks are reference from the path that passes the Millennium Beacon to the access to the beach
