Footnotes

OUTLINE PLANNING APPLICATIONS

An outline planning application is a means of establishing the principle of a proposed development without having to supply all of the details. The grant of outline planning permission will then be conditional upon the subsequent approval of details of 'reserved matters' – as defined below.

The government has set down the minimum level of information that must be submitted with outline applications, as follows:-

- **Use** – the use or uses proposed for the development and any distinct development zones within the application site.
- **Amount of development** – the amount of development for each use.
- **Indicative access points** – an area or areas in which access point or points to the site will be situated.

An outline application may also contain details and seek approval of one or more of the reserved matters, but at least one must be reserved for later approval.

RESERVED MATTER APPLICATIONS

Reserved matters are defined by the government as follows:-

- **Layout** – the way in which buildings, routes and open spaces are provided within the development and their relationship to buildings and spaces outside the development.
- **Scale** – the height, width and length of each building proposed in relation to its surroundings.
- **Appearance** – the aspects of a building or place which determine the visual impression it makes. This includes the external built form of the development, its architecture, materials, decoration, lighting, colour and texture.
- **Access** – the accessibility to and within the site for vehicles, cycles and pedestrians in terms of the positioning and treatment of access and circulation and how these fit into the surrounding network.
- **Landscaping** – this is the treatment of private and public space to enhance or protect the amenities of the site through hard and soft measures. This may include, for example, planting of trees or hedges, screening by fences or walls, the formation of banks or terraces, or the layout of gardens, courts or squares.

(N.B) For applications for approval of reserved matters pursuant to outline permissions where the outline application was submitted prior to 10 August 2006, the relevant reserved matters are sitting, design, external appearance, means of access and the landscaping of the site.)
