Report of: Assistant Director (Neighbourhood Services)

Subject: REVISION OF 2010 / 2011 FEES AND CHARGES –
CEMETERIES AND CREMATORIUM

1. PURPOSE OF REPORT

To consider the annual review of fees and charges in respect of services provided by the Cemeteries and Crematorium Team.

2. BACKGROUND

- 2.1 Charges for the various services offered by the Cemeteries and Crematorium Team have been subject to annual review.

3. PROPOSALS

- 3.1 Proposed charges for the Cemeteries and Crematorium Services are set out as **Appendix 1** to this report.
- 3.2 It is recommended that fees for burials and cremations be increased by approximately 2.5% to fund inflationary increases.
- 3.4 Charges have generally been rounded off to the nearest pound where appropriate and are exclusive of VAT.

4. FINANCIAL CONSIDERATIONS

- 4.1 On 12 December 2005, approval 'in principle' was given by the Portfolio Holder (at that time) to replace both cremators at Stranton Crematorium with associated gas cleaning equipment and replacement of inadequate electricity supply, at a cost of approximately £1,000,000. It is envisaged that most, if not all, of the costs of these works will need to be funded from Prudential Borrowing. A substantial increase in fees will be required in 2011/12.
- 4.2 It is expected that the proposed changes to charges for the cemeteries and crematorium service in 2010/11 would increase income by approximately £23,000.

5. RISK

- 5.1 The Cemeteries and Crematorium service operates as a business and, to a small degree, is in competition with similar services run by neighbouring authorities (particularly as regards the crematorium). There is a small risk that Funeral

Directors may advise their clients to use alternative services if our charges become un-competitive.

6. RECOMMENDATIONS

- 6.1 That the Portfolio Holder agrees the suggested charges and they be implemented as from 1 April 2010.

Portfolio Holder has responsibility for functions within Public Protection, to which these charges apply.

4. TYPE OF DECISION

6. DECISION(S) REQUIRED

Report of: Assistant Director (Community Safety & Protection)

Subject: REVISION OF 2010 / 2011 FEES AND CHARGES –
PUBLIC PROTECTION

1. PURPOSE OF REPORT

- 1.1 To consider the annual review of fees and charges in respect of services, licences and registrations undertaken by the Public Protection section of the Community Safety and Protection Division.

2. BACKGROUND

- 2.1 Charges for the various services offered by the Public Protection section have been subjected to the annual review. The review has considered both the services provided to clients and the Council's financial position (including the 2010/11 budget process) and charges made for similar services across the Tees Valley.

3. PROPOSALS

- 3.1 The suggested charges for 2010 / 2011 are set out as **Appendix 1**, with the current year's figures in brackets.
- 3.2 Suggested increases in charges are based on:
- (i) an average rise of 2.5%; or
 - (ii) a more accurate reflection of staff resources being utilised; or
 - (iii) bringing charges into line with other Authorities.
- 3.3 In the current financial market any increase in the charges for the open market would probably result in reduced attendance which would affect the viability of the market.
- 3.4 Charges have generally been rounded off to the nearest pound where appropriate and are exclusive of VAT.
- 3.5 Based on current service operation the increase in fees will achieve gross additional income of £6,750. However, costs including staff costs have also increased in proportion.

4. RISK

- 4.1 There is a risk that the number of licences issued by the Authority may fall due to increased fees, resulting in reduced income and increased enforcement, however, the basis of the charges outlined in section 3.2 represents a reasonable assessment which can be justified to the various service users.
- 4.2 Several of the charges under consideration are statutory fees and therefore increased in line with the national requirement.

5. RECOMMENDATIONS

- 5.1 To agree the fees and charges for 2010 / 2011 to be implemented from 1 April 2010.
