10. WELCOME AND INTRODUCTIONS

The Chair welcomed everyone to the meeting.

11. MINUTES OF SOUTH & CENTRAL NEIGHBOURHOOD FORUM HELD ON 3rd OCTOBER 2012

Approved

Public Question Time and Ward Issues – Rural West – A resident felt that the

reference to issues regarding bus services to the villages was too vague and did not reflect her comments at the meeting specifically her suggestion that ward councillors donate part of their budget to fund bus services. The Chair agreed that this had been discussed and it had been clarified that ward councillors' budgets could contribute toward transport costs as there had been uncertainty as to whether this was the case.

Members were also informed that bus services had been secured to the end of March 2013 rather than April as stated in the minutes

15. HEALTH AND WELLBEING STRATEGY

The Strategy and Performance Officer gave an overview of the Hartlepool Joint Health and Wellbeing Strategy. Under NHS reforms local authorities are required to work with partner agencies, including the NHS, to develop aims and objectives for a joint health and wellbeing strategy. It is intended to focus on protecting and improving the health of the population. Public consultation on the strategic aims and objectives to be included within the strategy had been undertaken through a face the public event and online survey and the results were currently being prioritised by the Local Authority and partners. The initial stage of the consultation had identified the following three priorities: give every child the best start in life; a healthy standard of living for all; fair employment. The final strategy would be accompanied by a work programme giving details of how the objectives would be delivered.

Members of the public were encouraged to take part in an interactive question and answer session on matters relating to the presentation.

Better parenting and working with families with complex needs; the provision of job opportunities; and access to good jobs were identified by the majority of residents in attendance as important factors when taking forward the Health and Well Being Strategy.

A Councillor referred to the massive changes which would result from the Local Authority taking responsibility for public health. He noted that consultation had shown the public felt employment was a priority and highlighted an ongoing investigation into employment being undertaken by the Regeneraton and Planning Services Scrutiny Forum.

The Chair thanked the Strategy and Performance Officer for attending the meeting.

16. LOCALISATION OF COUNCIL TAX REFORM

The Assistant Chief Finance Officer gave a presentation on proposed changes to the Council Tax Benefit system. These had come about as a result of the June 2010 Emergency Coalition Budget and the October 2010 Comprehensive Spending Review wherein a commitment had been made to save £0.5 billion from Council Tax benefit. By April 2013 Local Authorities are required to define their own local schemes for providing council tax support. Pensioners would be exempt from any changes. A fixed grant would be paid by Central Government to help support Local Authorities but calculations showed that at existing claimant levels there would be a funding shortfall of £1.6 million rising to £2.7 million per year over the next 4 years.

A draft Local Council Tax Scheme had been approved by Cabinet in September 2012 and public consultation was currently underway (due to end 9 November 2012). Consultation was based around the following 6 principles:

- Every working age household should pay something towards council tax
- Everyone in the household should make a contribution
- Benefits should not be paid to people with large amounts of savings
- People should be encouraged to work
- The scheme should be easier for people to understand
- War widows and war pensioners should be protected

Members of the public were encouraged to take part in an interactive question and answer session on matters relating to the presentation and these 6 principles. During the discussion which followed the following points were raised:

• It would be preferable to reduce support by 20% from the start rather than introduce a gradual reduction of 15% in the first year as this would only have a detrimental impact upon other council services and be of limited benefit to those affected.

- Everyone living in a household should contribute toward the council tax. However it was also noted that the homeowner would be the one liable for council tax and any family disputes or refusals by working age children to make a contribution from their income were irrelevant.
- A cut off point of £10,000 savings was felt appropriate provided certain payments such as compensation payouts were disregarded. Deliberate deprivation of capital to gain benefit would not be permitted.
- Only the savings of the claimant and their partner would be taken into account, the savings of adult children would be exempt. This would mean that they would still have the opportunity to save for a mortgage deposit without being penalised.
- It was proposed that those in employment would be allowed to keep the increased amount of their earnings before council tax benefit calculations were undertaken. The Benefits Agency were urged to consider taking a similar stance, however this would be a decision for the Department for Work and Pensions.
- The second adult rebate should be removed
- Reducing the backdating available from 6 months to 4 weeks might have a detrimental impact on the elderly and those suffering with dementia. Forms might also be lost in the post. However the Assistant Chief Finance Officer advised that backdating would apply from the date the application

4.1

form was completed irrespective of how long the claim took to process.

• An extreme hardship fund should be made available to temporarily reduce the effect of these changes to those households in most need

The Chair thanked the Assistant Chief Finance Officer for attending the meeting and answering questions.

17. DATE AND TIME OF NEXT MEETING

The next meeting will be held on 23rd January 2013 at 2.00pm in the Civic Centre.

The meeting concluded at 11.20am
