 - (d) Annually observe and comply with any amendments to these rules, which may have been made. These changes will be updated in the online version of the rule booklet.
- 1.1.3 The rent is non-refundable.
- 1.1.4 As from April, 2026, an allotment tenancy can be in the name of one or two tenants .
- 1.1.5 The Council, as landlord, retains all rights and powers over the land.
- 1.1.6 The Council reserves the right to set appropriate annual rent levels and review and revise these levels, as becomes necessary to sustainably continue the service.
- 1.1.7 Any rent increase will occur on 1st April each year; however, tenants will receive 12 months' notice of any variation to this amount.
- 1.1.8 Hartlepool Borough Council's 'Allotment Rules and Regulations of Tenancy' apply to all tenants, be they existing or new, including self-managed sites. Where devolved management agreements exist, some of the Rules and Regulations of Tenancy, e.g. permitted activities, may be further redefined or restricted by the particular site management body.

1.2 New Tenants, Eligibility Criteria and Allocation of Plots

- 1.2.1 To be eligible for an allotment plot, a person must be at least 18 years old and reside within the Borough of Hartlepool or less than one mile outside the Borough (Small Holdings Allotment Act 1908 Section 30(2)).
- 1.2.2 Tenants who fail to meet the criteria in 1.2.1 will be required to end their tenancies.
- 1.2.3 All plots are let on an 'as seen' basis and the Council is not responsible for any works which may be required after acceptance.
- 1.2.4 When a new tenant confirms their wish to commence a new tenancy, they must sign a Tenancy Agreement and pay the rent on that plot.
- 1.2.5 New tenants will be expected, within a 3 month probation period, to undertake a specified level of progress or cultivation, agreed at the start of the tenancy with the Allotments Service. Failure to do this within this period will result in the tenancy being terminated, in accordance with the tenancy enforcement procedure.
- 1.2.6 If the new tenant, within the 3 month period, has not observed the Rules and Regulations, then one month's notice may be given to end the tenancy under Section 30(2) of the Small Holdings Allotment Act 1908.
- 1.2.7 Plot allocation is restricted to one plot per person.

- 1.4.3 The sale or sub-letting of plots is strictly prohibited.

1.5 Partnerships

- 1.5.1 A tenant may register one partner to assist on the plot.
- 1.5.2 A registered partner has no automatic right to assume the tenancy of the plot, if the tenant makes the decision to surrender the plot.
- 1.5.3 Any person working the plot who is not registered, will not be considered for tenancy upon surrender of a plot by the tenant.
- 1.5.4 The Council will consider each tenancy on an individual basis and reserve the right to allocate the plot to a partner, who has been registered and working the plot for a minimum of 3 years.
- 1.5.5 In the event of the death of the tenant please see point 7.3.
- 1.5.6 A registered partner will only be considered for offer of tenancy where plots have been managed in accordance with the Rules and Regulations.
- 1.5.7 The Council has the right to dissolve a partnership if they believe it to be necessary for any reason.
- 1.5.8 Plot tenancies must be surrendered by the existing tenant before the Council will consider the application of the registered partner to take over the plot.
- 1.5.9 If a partnership has been dissolved by the Council, the Council reserves the right to refuse any future partnerships.

1.6 Change of Address

- 1.6.1 The tenant must give written notice of change of address within one month of any change. Failure to do so will result in a warning (pinned to the gate if necessary).
- 1.6.2 Personal information held by the Council relating to your allotment tenancy will be held in accordance with the Data Protection Act 1998. Any requests for information held by the Council in relation to the allotment tenancy will not be divulged to a third party without express written permission of the tenant.

- 1.7.1 Any written correspondence, for example, letters, notices, forms will be deemed to have been served if sent by post to the tenant at his/her last known address (or by an agreed preferred alternative method, i.e. e-mail) or left in a conspicuous place on their plot.

- 1.7.2 All written correspondence is for the attention of, and shall be sent to, the tenant (at the tenant's address). - 1.8.4 Plots are inspected against a "traffic light" grading system with green being a pass, amber receiving an advisory letter and red receiving a warning following the system below.

1.9 General Breaches of Tenancy - Enforcement Procedure

- 1.9.1 When evidence exists that a general breach of tenancy has occurred, tenants will be subject to the following enforcement procedure, in order to allow the tenant opportunity to remedy the breach.

(a) 1st Warning Letter

This will outline the nature of the breach(es), give instructions on required actions and **14 days** for the tenant to rectify the problem.

(b) 2nd Warning Letter

If, after the 14 day period, it is found that no or insufficient action has been taken, then the tenant will be issued with a 2nd warning letter. This will give the tenant an **additional 14 days** to rectify the breach.

(c) Notice to Quit

If, after 14 days from the 2nd warning, it is found that no/insufficient action has been taken, then the tenant will be issued with a **Notice to Quit**.

The Notice to Quit informs the tenant that the tenancy will be terminated in **one month** and that the eviction process has commenced.

In this period, they must remove all possessions and locks and leave the allotment plot in an agreed condition.

(d) After the one month has expired, a **Notice of Re-entry** will be posted on the allotment plot in a prominent position and the Council will then have regained possession of this plot and all items which remain on it.

The tenant will receive a letter to confirm that the tenancy has ended.

1.10 Serious Breaches of Tenancy - Enforcement Procedure

1.10.1 Where a serious breach of tenancy has occurred (see list below for definition) then an immediate Notice to Quit will be issued and tenants will be instructed to vacate the plot within one month and their tenancy will be ended.

Examples of Circumstances for Immediate Notice to Quit

- Abuse or violence towards other tenants, officers of the Council or members of the public
- Criminal activities
- Activities which may cause significant harm to human or animal health or to the environment

1.10.2 The allotment service shall hold the right to block/withdraw the information of person(s)/group(s) following a Notice to Quit for the above rule, from going back on the register/list for another plot (Annexe B).

1.10.3 Any relevant request for information by a duly appointed officer pertaining to breaches of Parts 1 to 6 of the Rules and Regulations of Tenancy shall be complied with. Any information given to that officer that is found to be false and/or misleading will result in a warning or Notice to Quit being issued.

1.11 After Enforcement

1.11.1 Tenant Record of Warnings

- (a) Any warning received by the tenant will remain on record for 3 years (from the date of the warning). This system aims to prevent persistent abusers of the rules and regulations.
- (b) Tenants who, in one season, received a first warning, subsequently took adequate action that year, but then commit the same offence within the 3 year period, would receive a 2nd warning for that offence rather than another 1st warning.

1.11.2 On termination of the tenancy, any works which are required to bring the plot to the standard that it may be re-let, will be undertaken by the Council and the outgoing tenant charged for this.

1.12 Requests for Extension to Annual Inspection

1.12.1 Tenants who are unable to cultivate their plot due to illness, or other personal circumstances, should contact the Council to inform them of this. All such details will be strictly confidential.

1.12.2 At the discretion of the Council, tenants may be given an extension of a maximum of 6 months and will not be subject to the normal inspection/enforcement procedure in this time. A request for an extension will usually only be considered if the plot is already in a reasonable standard of cultivation.

1.13 Splitting of Plots

1.13.1 Plots which are of a larger size may be considered to be split, at the discretion of the Allotments Service, where a tenant is unable to manage the full plot.

- (a) Under the Control of Pesticides Regulations (COPR) 1986 (as amended 1997) anyone who sells, supplies, stores or uses a pesticide must take all reasonable precautions to protect the health of humans, creatures and plants, safeguard the environment and avoid the pollution of water.

- (b) Pesticides and fertilisers must be used in accordance with the manufacturer's instructions and stored in an approved container, well out of the reach of vulnerable people and locked away, if necessary.
- (c) Nitrate fertiliser must not be stored within 10 metres of a watercourse or field drain.

- (e) Rodenticides approved for amateur use must be used in accordance with manufacturer's instructions (including the use of approved bait boxes where required), and great care must be taken to reduce the risk of exposure for non-target species (such as owls and kestrels as well as poultry) by the immediate collection and disposal of dead rodents.
- (f) It is strongly recommended that tenants do not attempt to treat rodent infestations on allotments themselves, but that the services of a professional pest control company are used. The Council provides a pest control and advisory service for tenants, which can be contacted on 01429 523333.

4.4.2 Disposal of Pesticides, Fertilisers and Other Chemicals

- (a) Associations and plot holders should contact the Council for information on the safe disposal of pesticides, fertilisers and other chemicals.

- 4.6.2 All flammable liquids must be in containers specifically designed for their storage with appropriate, visible and readable safety warnings on the outside of the container.
- 4.6.3 All flammable liquids must be stored in a manner which means that any accidental leakages will not contaminate the allotment or any watercourses or drains nearby, i.e. in a double skinned container or an appropriate alternative.
- 4.6.4 Containers to be kept in adequately secure and ventilated circumstances.
- 4.6.5 Fuel in machinery or heaters is not included in this storage total, but should not exceed an additional inclusive total of 10 litres (2.2 gallons) for the plot.

- (a) Cockerels are not banned from any site, but do require a permit.
- 5.1.3 All sites will be kept under review to ensure the presence of cockerels does not become a nuisance to neighbouring properties. If a noise nuisance occurs, then tenants will be referred for prosecution under the Environmental Protection Act 1990 (Sections 79 and 80) Noise Nuisance Regulations. The Council reserves the right to request that the tenant remove any cockerel that is found to be causing a nuisance.

- **Bees** (number of hives are restricted to protect natural colonies)
 - **Small mammals** (including ferrets, guinea pigs)
 - **Birds** (including pigeons, doves, turkeys, ducks and geese)

- 5.1.6 Full details of the type and number of animals must be given.
- 5.1.7 If tenants cannot be clear or precise about the exact number of each type of animal, they are requested to indicate a maximum number.
- 5.1.8 The Council reserve the right to decline applications for certain animals or request a revision of the number of animals kept on a plot, where it is felt necessary.

 - (b) All horses **must be** micro chipped, passported and details to be supplied to the Council.
 - (c) Exempt animals will be subject to an annual inspection, failure to allow access by the Council will result in the permission being revoked.

- 5.2.2 Tenants who bring new/additional unregistered dogs/horses onto the allotments will be in breach of their tenancy and will receive a warning and previous permissions for other dogs/horses will be revoked.
- 5.2.3 It is a requirement to keep dogs on a lead or under close control, so that they do not stray onto other plots.
- 5.2.4 Under the Dangerous Dogs Act 1991 and Amended 2014, it is illegal to allow a dog to be dangerously out of control anywhere. Your dog is considered dangerously out of control if it injures someone or makes someone worried it might injure them. The Dangerous Dogs Act applies to all dog owners, no matter what size or breed of dog you have.

- 5.2.5 Tenants must ensure the responsible removal and appropriate disposal of dog faeces, in accordance with the 'Public Space Protection Orders' under the Anti Social Behaviour Crime & Policing Act (2014). If dog foul becomes a problem on a site, then all existing permissions for dogs to be housed on the site will be revoked.

5.3 Inspections

- 5.3.1 The Council has the right to undertake regular inspections of animals being kept on allotment plots.
- 5.3.2 If the welfare of any animal is found to be compromised, then the Council will ask that remedial action be taken or that the animal is removed to more suitable accommodation.

5.4 End of Tenancy

- Storage, e.g.
 - low risk garden tools and materials for use on the plot only;
