Duties are connected with the maintenance of the public highway in various locations within the Borough. Tasks include pothole and patch repairs with hot and cold lay materials in carriageways and footpaths which have been worsened by the difficult and prolonged winter period. This is primarily a manual labour role with elements of driving also required. All work will have relevant permits in place and operatives are expected to use suitable Chapter 8 signage for all tasks. Operatives will also be required to use tablet devices for work allocation/job sign off purposes. All insurances are to be provided by the company submitting the tender. The ability to have telephone contact between the Highway Operations Team Leader & Supervisor with the operatives is essential. Task allocation and day to day contact will be with the Highway Supervisor. A day rate is required 2 x skilled operatives/charge hands and 2x operatives to provide labour assistance. They will work in pairs for the duration. A vehicle will also be required which is suitable for general highway maintenance tasks across the town. The tender price is to provisionally provide the operatives for eight weeks commencing Monday 04/01/2022. It will aim to reduce the misconceptions about what neglect is and isn't and raise awareness as to how living with neglect impacts upon a child; not just as they are experiencing it but the long-lasting effects this can have on a child both emotionally, psychologically and physically. It will aim to reduce the stigma of reporting concerns and explain the importance of families receiving the right support at the right time and how this can make a significant difference for the child. Hartlepool Borough Council	DN440343	HARTLEPOOL DRUG AND ALCOHOL TREATMENT SERVICE	£6,000,000	PHD	O'Ceallaigh, Tony	01/06/2020	31/05/2023	36		2 ITT	Foundations Partnership	Middlesbrough	Cleveland	TS5 4EQ	Yes	General Partnership	28/02/2023		The council and its partners have reflected on the issues that the local area faces. Local leaders have agreed that it is critical that services are joined up and seamless for those that need support. It is important that the commissioned service (as set out in this service specification) is integrated with the council internal offer and as such we want any prospective providers to embrace this approach. We want to work with the provider to design and develop the offer with the following expectations: <ul style="list-style-type: none"> The two elements of the offer (commissioned and in house council) will be overseen by one clinical governance process to ensure that pathways are seamless. The council will appoint a Clinical Lead to have strategic management oversight of the whole offer. To brand the offer which includes the two elements as one service Provision of a single co-located clinical service based in new premises and a one stop shop model augmented by a separate recovery hub (premises to be provided by the council) The council will provide admin to support the whole service We feel this is an exciting opportunity to radically redesign services to meet the needs of the people in Hartlepool. We will expect the chosen provider to work closely with the council to design the new model to improve the outcomes of our residents.	0

Duties are connected with the maintenance of the public highway in various locations within the Borough. Tasks include pothole and patch repairs with hot and cold lay materials in carriageways and footpaths which have been worsened by the difficult and prolonged winter period. This is primarily a manual labour role with elements of driving also required. All work will have relevant permits in place and operatives are expected to use suitable Chapter 8 signage for all tasks. Operatives will also be required to use tablet devices for work allocation/job sign off purposes. All insurances are to be provided by the company submitting the tender. The ability to have telephone contact between the Highway Operations Team Leader & Supervisor with the operatives is essential. Task allocation and day to day contact will be with the Highway Supervisor. A day rate is required 2 x skilled operatives/charge hands and 2x operatives to provide labour assistance. They will work in pairs for the duration. A vehicle will also be required which is suitable for general highway maintenance tasks across the town. The tender price is to provisionally provide the operatives for eight weeks commencing Monday 27/09/2021 – start dates can be + or – up to 10 working days of the above date. HBC Highway Operations Team operate 08:00-16:30 Monday to Thursday and 08:00-13:00 on a Friday, which amounts to a 37 hour working week. Operatives of the winner bidder will be expected to work the same hours as HBC staff Monday-Thurs but on 08:15-30 on a Friday which amounts to a 38 hour working week. Hartlepool Borough Council	DN212647	Provision of a Feasibility Study into alternative service delivery models for supporting older people (including Domiciliary Care and Residential / Nursing Care)	£60,000.00	R&N - Corporate Procurement	05/12/2016	10/02/2017	N/a	Quick Quotes	Hartlepool Borough Council (HBC) has a requirement to understand the range of options available for the delivery of sustainable, high quality care for older people in Hartlepool, across the continuum of need where the eligibility criteria is met, including but not restricted to domiciliary care and residential / nursing care. This would include the possibility of developing a Local Authority Owned Company (LAOC), as well as other potential delivery models. The Council has concerns about the quality and sustainability of provision for older people and also the terms and conditions offered to care staff by private employers, and wishes to explore the feasibility of such services being provided differently, and potentially through a LAOC.
